

Dear ASH Chapter President:

The ASH Annual Chapter Young Investigator Awards program was established in order to encourage basic science and clinical research among young investigators at the local and national levels and to provide an opportunity for these young investigators to attend the ASH Annual Scientific Meeting. Attached, please find the written protocol for the program along with the eligibility requirements.

The National Society will provide for:

- (1) Complimentary registration to the ASH 2008 Annual Scientific Meeting for two (2) awardees from each Chapter
- (2) Complimentary hotel reservations at the New Orleans Marriott for two (2) nights for each awardee
- (3) A Certificate of Achievement for each awardee

Please send me via e-mail the names and contact information for any award recipients from your Chapter no later than Tuesday, April 8, 2008.

Thank you for your attention.

Sincerely,

Melissa Levine  
Associate Executive Director
